

# Solu-Amino™

6-0-3

Solu-Amino 6-0-3 is a rich source of natural plant extracted amino acids, supplemented with a readily available organic nitrogen source. Solu-Amino 6-0-3 also contains our proprietary Solu-Plus technology, bio-surfactants, microbial food sources, vitamins, and enzymes.

Many of these components are pre-digested and easy for the plant to metabolize and derive energy from, thus optimizing turf and soil health.

## FEATURES AND BENEFITS

- Solu-Amino 6-0-3 provides amino acids, along with organic nitrogen, to assist with complete protein production.
- Whether it is heat stress negatively impacting roots, low light intensity reducing turf density, or colder temperatures limiting organic nitrogen release, Solu-Amino 6-0-3 delivers a complete plant health package for pre-stress conditioning, as well as recovery.
- Solu-Amino 6-0-3 will work to improve efficiency of other products it is applied with, from raw source materials to soluble powders, whether they are foliar or soil applied.

## PRODUCT HIGHLIGHTS

- Rich in Amino Acids
- Natural Fermentation Extracts
- High Quality Organic Nitrogen
- Helps Synthesize Proteins
- Chelating & Complexing Agents
- Humic, Fulvic & other Organic Acids
- Multiple Vitamins - Rooting Stimulants
- Fertilizer Enhancemnet / Rate Reducer

<b>N</b> / 6.0% NITROGEN	<b>P<sub>2</sub>O<sub>5</sub></b> / - PHOSPHORUS	<b>K<sub>2</sub>O</b> / 3.0% POTASSIUM			
<b>Ca</b> / - CALCIUM	<b>Mg</b> / - MAGNESIUM	<b>S</b> / - SULFUR			
<b>Fe</b> / TRACE IRON	<b>Mn</b> / TRACE MANGANESE	<b>Zn</b> / TRACE ZINC	<b>Cu</b> / TRACE COPPER		
<b>B</b> / TRACE BORON	<b>Mo</b> / TRACE MOLYBDENUM	<b>SOLU-KELP</b>			
<b>Si</b> / - SiO <sub>2</sub>	Pre-Digestion Process		Humic & Fulvic Acids	Beneficial Nutrients & Minerals	
	Vitamins	Enzymes	Amino Acids	Sea Kelp Extracts	Antioxidants
			<b>SOLU-PLUS</b>
