

STS Summer™

7-0-9 +MICROS

STS Summer 7-0-9 provides both nitrogen and potassium, along with a complete and balanced micronutrient package. STS Summer 7-0-9 reduces stressful conditions by maximizing the efficiency of water use and plant respiration.

When it's critical to maintain carbohydrate production during heat related stresses – STS Summer 7-0-9 delivers!

FEATURES AND BENEFITS

- STS Summer 7-0-9 includes 13 of the 17 essential nutrients reducing the number of products needed to be applied via spray or injection, making this an ideal product for golf courses, sports fields, schools, playgrounds, and residential lawns.
- STS Summer 7-0-9 can be easily tank mixed with Cal Mag 82 to deliver ALL 17 essential nutrients except Phosphate and Chlorine with only two products!
- STS Summer 7-0-9 incorporates our “Nutrient Mining Technology” Solu-Plus, which plays a vital role in maintaining nutrient availability to ensure plant absorption efficiency.
