

## Green's Green™

18-2-5 +MICROS

Green's Green is engineered to promote growth, health and color. Green's Green delivers highly available N-P-K, in addition to a micronutrient package, and is chelated with amino, humic and fulvic acids.

Other beneficial constituents include vitamins, enzymes and fermentation extracts. Our proprietary bio-surfactant technology is incorporated to reduce surface tension and enhance foliar absorption.

## FEATURES AND BENEFITS

- Green's Green is ideal for promoting healthy growth and color in cool season grasses, as well as, dormancy break and transition in warm season grasses.
- Excellent tool for maintaining optimum clipping yield and turf quality throughout the growing season.
- Solu-Plus, the STS **Nutrient Mining Technology™** and nutrient extender is included in this product to assist your turf in utilizing the many beneficial nutrients and compounds without becoming restricted.

## PRODUCT HIGHLIGHTS

- Primary and Micronutrient Packages
- Solu-Plus Technology
- Multiple Vitamins and Enzymes
- Helps Synthesize Proteins
- Humic, Fulvic and Amino Acids
- Enhanced Chlorophyll Production
- Natural Fermentation Extracts
- Proprietary Pre-Digestion Process
