

# STS Summer™

## 6-0-4 +MICROS

As a specialty product in The Next Generation of Turf Nutrition™, STS Summer 7-0-9 provides both nitrogen and potassium, along with a complete and balanced micronutrient package. STS Summer 7-0-9 reduces stressful conditions by maximizing the efficiency of water use and plant respiration.

When it's critical to maintain carbohydrate production during heat related stresses – STS Summer 7-0-9 delivers!

## FEATURES AND BENEFITS

- STS Summer 7-0-9 includes 12 of the 16 essential nutrients, and also contains our **Nutrient Mining Technology™**, Solu-Plus, which maintains nutrient availability to ensure plant absorption efficiency.
- STS Summer 7-0-9 contains our natural plant fermentation extracts, and cold processed kelp to enhance chlorophyll production and improve drought tolerance.
- STS Summer 7-0-9 will also aid in the buffering of detrimental salts associated with poor quality water, especially during periods of intense irrigation.

<b>N</b> NITROGEN 7.0%	<b>P<sub>2</sub>O<sub>5</sub></b> PHOSPHORUS -	<b>K<sub>2</sub>O</b> POTASSIUM 0.9%

## PRODUCT HIGHLIGHTS

- Humic, Fulvic & Amino Acids
- Improved Heat & Drought Tolerance
- Carbohydrates
- Chlorophyll Enhancer
- Multiple Vitamins and Enzymes
- Balanced Primary & Micronutrient Packages
- Solu-Plus Technology
- Plant Defense Elicitors - Antioxidants
