**OXYGRASS PRO™** is intended to assist turf managers with promoting the aerobic metabolic pathway, supplement and enhance a full fertilization program as recommended in accordance with reliable Soil and Tissue Analysis.

## Application Rates and Guidelines

**OXYGRASS PRO™** is a 40-micron suspend able powder, programmed through multiple proprietary processes. When the programmed Silica Dioxide is added to the spray tank water, this unique material is activated with resonant energy pulsing for 500 hours at 7.8 Hz, an Extremely Low Frequency (ELF), that is consistent with Schumann Resonances. OxyGrass Pro will promote increased redox potential, catalytic and electrolytic exchanges between soil, the turf, and organic matter(s).

Apply the recommended rate in 1-3 gallons of water per 1,000 ft<sup>2</sup> as a carrier.

Add OxyGrass Pro to agitating spray tank first. Best results are achieved when watered in. OxyGrass Pro can be applied with foliar spray and watered in later.

### GREENS - TEES - SPORTS FIELDS:

#### Application Rate:

Apply an initial application rate of 7.2 oz. per acre. Maintenance applications should be made every 21 days at the reduced rate of 3.6 oz. per acre.

### FAIRWAYS AND ROUGHS:

#### Application Rate:

Apply initial application of 4.5 oz. per acre. Maintenance applications should be made every 21 days at the reduced rate of 2.5 oz. per acre.

## 40 Micron Programmed SiO<sub>2</sub>

### Charged and Programmed Silica Dioxide (SiO<sub>2</sub>)

Silicon (Si) ..... 46.0%

Derived from: Silica Dioxide (SiO<sub>2</sub>)

Store in a dry and ventilated place, away from any electromagnetic field (transformer, electric panel or meter).

**Product Compatibility:** Due to various types of water quality and fertilizer sources available, it is important to always perform a compatibility test prior to implementing any new tank mix to identify potential issues and/or incompatibilities.

**IMPORTANT NOTICE TO PURCHASER:** Seller's and manufacturer's only obligation to a purchaser or user of this product shall be to refund the purchase price, or to replace the quantity purchased, of any defective product. In no event shall Seller or manufacturer be liable to a purchaser or use of this product for any claim for any economic, indirect, special, incidental or consequential damages or for any injury, loss or damage, direct or indirect to any person or property. Purchaser of this product expressly acknowledges and agrees to these terms.
