IMPORTANT NOTICE TO PURCHASER: Keep from Freezing. Do not reuse container. Wear protective goggles and clothing. If spilled use dry media to absorb liquid. Dispose of in accordance to local, state and federal regulations.

CAUTION: Keep out of the reach of children. Do not take internally. If eye contact occurs, flush with water and consult a physician. If ingested, dilute with water and contact a physician.

NET CONTENTS: 1 U.S. GALLONS (3.785 Liters)

DIRECTIONS: When using large volume containers be sure to stir and/or circulate product prior to adding to the spray tank. Always perform a compatibility test with first time formulations to ensure compatibility with other products contained in the mix. Spray Tank should be at least 85% full prior to adding Green GS. Agitation should be on prior to the addition of Green GS, and maintained for a minimum of 5 minutes to thoroughly mix. Do not spray on non turf areas as staining will occur.

Product Compatibility: Due to various types of water quality and fertilizer sources available, it is important to always perform a compatibility test prior to implementing any new tank mix to identify potential issues and/or incompatibilities.
